Electrical
Laboratory FSET

The Support-nET is an association of all support services for students in the field of electrical engineering.

Electrical Engineering Student Advisory Service (P1.3.38)

First point of contact for problems in everyday student life.

PAUL Student Support Electrical Engineering (P1.3.12)

Help with problems registering for modules and courses.

Student Council Electrical Engineering (FSET) (P1.5.16.1)

Representation of students' interests, contact person in everyday student life.

Electrical Laboratory FSET (P1.5.16.2)

Learning and improving electronics and measurement skills in the lab.

Fundamentals Tutorial FSET

Support with content for courses in the first two semesters.

Learning Centre Electrical Engineering (P1.7.09.3)

Supports studyability by offering learning spaces and events.

Culture Fellow Electrical Engineering

Contact person for study situations that affect the ability to study.

You can recognize the members of the Support-nET by the following Logo:
