

Announcement

Student Scholarship Program for Electrical Systems Engineering (ESE) Master

Application Deadlines | 31st of May / 30th of November

Paderborn University announces scholarships for **financial support and mentoring** to promote excellent students for the Electrical Systems Engineering Masters. Are you interested? Then take your chance and apply now!

Call for Applications: Student Scholarship Program for Electrical Systems Engineering (ESE) Master

General Information

The Institute for Electrical Engineering and Information Technology of Paderborn University (UPB) announces scholarships for financial support and mentoring to promote excellent students for the Electrical Systems Engineering Masters at Paderborn University. Are you interested? Then take your chance and apply by the submission deadline for the respective coming semester (30th of June for the winter semester / 30th of November for the summer semester)

The Scholarship

The Institute for Electrical Engineering and Information Technology of Paderborn University invites applications from excellent students for the scholarship program for the ESE Master's program. The duration for the scholarship is **two years**, with financial support of **1000 € per month** and additional mentoring for individual student research throughout their two master years.

The Executive Board decides to award the scholarships based on the recommendation of a committee formed by the Electrical Engineering Institute. Applications can only be submitted by students who have registered for the ESE Master's program. Scholarships only come into effect if all formalities for enrolment in the ESE Master have also been fulfilled.

Application

The application must include the following material and is independent of the required registration to the ESE master:

1. **Motivation letter** of study and research intention for the ESE program
(maximum 1-2 pages, required formatting: font Arial, font size 11 point, line spacing no less than 1.2, page margin "normal")
2. **Curriculum vitae** in tabular form
3. a) If new applicant to ESE Master: **Uni Assist ID** (for international students.) or a **degree certificate** (for German students)
b) If already enrolled in ESE Master: **Uni Assist-ID** (if known), **Matriculation number** and **ESE degree transcript**
4. **Consent Form** for Data Processing (originally signed by the applicant - available as download on the ESE Website).
5. Optional: **Supportive Statement** from a supervisor during undergraduate studies.
6. Optional: GRE revised general test results.

Please submit the application documents in electronic form (one complete PDF file) to ese-scholarship@ei.upb.de with the subject ESE Scholarship Application.

The selection procedure takes place in two stages (1st pre-selection based on the application documents by the ESE scholarship committee of the Department of Electrical Engineering and Information Technology; 2nd final selection and decision by the Executive Board (Präsidium) of Paderborn University).

For your application, please note the guidelines document for awarding ESE Scholarships mentioned below under further information. Your application data will be handled according to the regulations of data protection of personal data related to applications at Paderborn University. Details on the regulations of data protection for ESE Scholarship applications are presented on the next page.
